# STAR Early Childhood

STAR is expanding it's Early Childhood services and now offers a 16-oweek program that is:

- Multidisciplinary and Transdisciplinary
- Developmentally Appropriate
- Family Centered
- Outcome Based

**In one morning, children will receive individual speech and language and occupational therapy, followed by a social-communication/work skills group. Parents will actively participate in individual instruction in implementation of their COMPASS teaching plans.\***

*In addition, parents will have the option to participate in a parent training group. STAR will also work with families to transition back into the community.*

*\*Service is for families who have participated in STAR assessment and program planning and received a COMPASS plan.*

Note: Although these services can be billed to insurance, your insurance plan may not cover this service.

Please contact STAR Early Childhood  
Enrollment is limited to 3 families per group.
